**Subject:** West County Road 112 Ground Water (A6R6) - Missing Information from Lear Corporation's 104(e) Information Request Letter Response

Joe,

Copies of the following documents are missing from the 104(e) Information Request Response, dated December 2, 2011, that Lear Corporation (LC) sent to the EPA.

1. Affected Property Assessment Reports (APAR) for October 2001, November 2002, and April 2004 were not included in the response.

2. Appendices 2 and 4 missing from the 2008 APAR report that was included in the Tab B pdf files.

Does LC have any of the above listed documents? Please respond with either a yes or no answer.

If LC's answer to the preceding question is yes, please email to me, later than February 10, 2012, pdf copies of the documents

If LC's answer to the preceding question is no, does LC know where the above listed documents, or copies of the listed documents might be? Please respond with either a yes or no answer.

If LC's answer to the preceding question is yes, please advise me by email, not later than February 10, 2012, where the documents, or copies of the documents, might be at this time.
